No one to my knowledge took over the SDWA enforcement order – I carried it once Andy left but there was no request for counsel. Copying Steve for his recollection.

I do a number of relevant files from Andy (and numerous emails). Attached is a January 2018 Briefing paper along with the 11/11/18 letter requested additional gen X sampling (which DuPont did).

And I assume you have EPA's amended 2017 Order but here is a link to it (still good)
